

The Suffolk County Department of Health Services in cooperation with the University of Rhode Island New England Onsite Wastewater Training Program present:

Innovative and Alternative Onsite Wastewater Treatment Technology Class (OWT 105)

Dates & Times: April 20, 2016 8:00 am – 5:00 pm

Location: US Green Buildings Council – Long Island Chapter Office
150 Motor Parkway Suite LL80
Hauppauge, NY 11788

Cost: \$100 (registrations received after April 12, 2016 the cost is \$130)

Be an early adopter and attend this class at the county-negotiated reduced cost of half the normal fee. Class size is limited to 25 people, so please register early to assure a seat.

Course Description and Instructors

Learn about the regulatory status of I&A systems in Suffolk County; selecting the proper system for your site; the treatment train process and standards; and wastewater distribution issues. We will also teach you about pump controls, alarms, and timers; the basic components common to most I & A technologies; media filters; aerobic treatment units; drainfield options; and how to make you designs operation and maintenance friendly. After the classroom discussion, the class will head out into the field to visit several I&A technologies installed under the County's Phase 1 demonstration program. Instructors for the class are – George Loomis of the University of Rhode Island New England Onsite Wastewater Training Center; Justin Jobin and John Sohngen from Suffolk County Department of Health Services.

Class Logistics

Participants are required to be present during the entire class. Attendance will be taken throughout the class. The class fee does not include refreshments or lunch - please bring your lunch, snacks and drinks. The county will issues certificates to participants who successfully complete the class.
